Sir:

Not in compliance - see Office action

Pursuant to 37 CFR 1.56, the attention of the Patent and Trademark Office is hereby directed to the following information: Applicant's wish to have pending application serial no. 10/579,290, filed July 12, 2006 and application serial no. 11/945,916 filed November 27, 2007 considered. Attached is a copy of the published PCT that entered the U.S. national phase as U.S. serial no. 10/579,290. It is respectfully requested that these applications be expressly considered during the prosecution of this application, and that these applications be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

Respectfully Submitted,

PILLSBURY WINTHROP SHAW PITTMAN LLP
